

REVISED TAX BILL READY FOR SENATE

Washington, Sept. 19.—The tax revision bill will be sent to the president by the latter part of October, Chairman Duggan predicted today in announcing that the senate finance committee had formally approved the house measure as amended.

Neither the Smoot manufacturers' sales tax nor the Calder proposal to impose a tax of \$6.40 a gallon on all alcoholic liquors withdrawn from bond for other than manufacturing purposes will be included in the measure as it will be presented to the senate Wednesday. The authors have given notice, however, that they expect to present these amendments on the senate floor.

Senator Penrose said that so far as the business of the senate would permit, it was the purpose to take the bill up immediately and press for final action. He added that some features, particularly the profits tax repeal and the proposed reduction of the maximum income sur-tax rate to 32 per cent, would be opposed from certain quarters, but that there seemed to be a general desire to expedite passage.

"Under these circumstances," he continued, "there is reasonable expectation that the bill can be passed in the senate with two weeks' consideration, but ought not to require more than a week in conference, if that long a time. It is entirely safe therefore for me to predict that the bill will be sent to the president during the latter part of October."

"It is extremely desirable to have the bill passed as soon as may be in order that treasury officials may have ample opportunity to frame and promulgate rules and regulations."

An Unfailing Way To Banish Hairs

(Beauty Notes)

Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of Delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then removed and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real Delatone.

24½ Million Dollars Invested by Employees of Swift & Company

More than 21,000 employees of Swift & Company own or are paying for shares in the business. These men and women have attested their faith in the integrity and good will of the company by investing their savings in the business.

Their holdings represent a total of nearly 250,000 shares, the par value (\$100 a share) of which is more than \$24,500,000.

These 21,000 represent more than one-third of our average number of employees!

One man out of every three, in plant, office, and branch house, from the handworker on the floor to the brain worker at the desk; working with us as well as for us, devoting himself to his own business while devoting himself to ours; promoting his own interests in every motion or moment saved, in every product improved or maintained at perfection, in every service rendered through prompt, thorough, effective distribution of products.

This interested, eager group of fellow partners working with us for the good of Swift & Company and the public which we serve, constitutes one-half of the ownership of Swift & Company in point of numbers, and nearly one-sixth in point of shares outstanding.

It represents practical and successful progress toward the end at which enlightened modern industry is aiming for the solution of industrial problems—toward cooperation, mutuality, brotherhood in business, for the good of all.

PATHE NEWS

TO THE PUBLIC

Strand Opens Thursday afternoon under new management

with vodvil.

I am going to fix it. There isn't a finer city in the state than Norwich but that makes it seem all the more strange that you never really had a first class vaudeville or motion picture show. We are not going to give you the most for the money but the best for the least. Some day you'll want a comfortable house and the right sort of pictures.

That's What I Am Here For

I am going to give you the house and good pictures, good enough to shock you with delight and surprise.

I am a stranger to you but do not want to stay a stranger. I want to become one of you. To win your confidence and deserve your approval, I am going to try and give you the best show you ever saw, in the most comfortable house you ever had. Large talk, perhaps, but wait and see. I am going to make more than good for that promise.
